

2-4-22

Per Jeff Wenzel discussion with Lee Zimmerman on 9-16-20:

1. Septic drain field must be at least 100 ft. from water's edge in a **Condominium**, and only **50 ft. from a "metes and bounds" property like TRACT 46. (The 15 wooded acres just SOUTH of our Condo.)**
2. Drinking water well must be 10 ft. from water's edge AND be a minimum of **68 ft.** deep
3. Drinking well must be 50 ft. (new law 75 ft.) from septic system
